1. Introduction

HyMix Pro added a new warning message when user is using a low amount that may affect negatively on the color.

2. Message availability

- a. Mixing System
 - i. Open HyMix Pro Software
 - ii. Access the Mixing System
 - iii. Decrease the amount to be very small:

Color Description	LIGHT OXFORD GREY	
Year	02-02	
Kgs	0.0458	Liters 0.04

- iv. At the left bottom of the page, a message will appear informing the user that he's using a very low amount

The amount entered is less than the minimum quantity required. Please change it or choose a different formula.

- b. Ready to Spray
 - i. Access the Ready to Spray
 - ii. Decrease the amount of base product

	Qty of liters	
	Base Product	0.04
	Ready to Spray	0.04

- iii. At the top of the page, the message will appear

The amount entered is less than the minimum quantity required. Please change it or choose a different formula.
