

S620 – 2K Accelerator

ACCELERO

Product Description

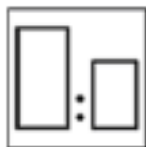

S620 Accelerator is an additive with properties to speed up the curing of T-Series products; it will reduce both bake and air-drying times. It has been designed for small repairs and single panel repairs.

To be Used:

With Hyflow T-Series products EXCEPT P97 Wash Primer, 1K products, P42 2K Rapid primer or C075 Express Clear.

This product is not designed for full repairs when using a 2 Pack Fast Hardener. Use for spot repairs and single panel repair.

Product Application

Mix 2.5% to ready to Spray mix.

Wear suitable protection
